

2010 Maine Island Scholarship Program Application
*Supporting Maine island students in their pursuit of academic excellence
at high schools, colleges, and universities across the United States.*

Guidelines

For the 20th year, the Island Institute will award scholarships to students from Maine's 15 year-round un-bridged island communities. The purpose of the Maine Island Scholarship Program is to support and strengthen Maine's year-round island communities by offering financial aid to island residents for educational purposes. Our goal is to contribute to the viability and vitality of year-round island life by assisting island residents in the pursuit of their educational goals. We recognize that scholarship aid is one of the most valuable and tangible services we can provide to island communities.

Eligibility Requirements:

Applicants must have graduated from their island's K-5, K-8, or K-12 school and be attending post-secondary education at a two- or four-year college, university, or vocational/technical institution. Students from the following islands are eligible to apply:

- An additional award of \$1,000 will be given to supplement the scholarship received by the graduating high-school senior residing in Casco Bay who has the highest GPA. *Available to graduating high-school senior applicants only.*

Decision Process:

All award decisions will be based on academic achievement, extra-curricular activities, the Personal Statement, and special circumstances. The Island Institute reserves the right to determine how best to balance these criteria when evaluating applications.

The award money may be used for tuition, room and board, books, lab fees and equipment. However, award monies used for expenses other than tuition, books and supplies must be reported as taxable income by the recipient. It will be the responsibility of the recipient to report and pay any tax liability.

Administration:

An evaluation committee composed of island residents and Institute staff will make scholarship award decisions. Students are eligible for the Maine Island Higher Education Scholarship for all four years of college, but are required to reapply each year: renewal of the scholarship will not be automatic. **All applications must be postmarked no later than April 1, 2010. It is the responsibility of the applicant to ensure that all of the required items are submitted on or before the application deadline. Incomplete applications, or those postmarked after April 1, will not be processed.** All information received from applicants will be treated as confidential. Award winners will be notified no later than May 31.

Each award will be mailed to the school in December. Awards cannot be deferred for any period of time. Checks will be made payable jointly to the student and the school and applied to the second-semester expenses.
