

Host a Fellow!

The **Island Fellows Program** is a signature program of the Island Institute. Since 1999, the Island Fellows Program has placed recent college and master's degree graduates in Maine's coastal and year-round island communities to work on community identified projects. Island Fellowships provide a unique opportunity for recent graduates to apply their skills and experience to help build sustainability within communities whose way of life and identity face great challenges and even greater opportunities.

If you have any questions or are interested in hosting an Island Fellow, contact Andy Theriault at atheriault@islandinstitute.org
